### RE: Notice of Provisional Licensure

Dear Sheryl,

Your submitted application to the Gamete Bank and Fertility Clinic Program is still being processed. Due to the approaching deadline when it is required to have a license to continue operating in Colorado or to match or provide gametes to recipients in Colorado (July 1, 2025), the Colorado Department of Public Health and Environment (CDPHE) has granted provisional licensure for the above named entity from 07/01/25 to 09/28/25 in the categories of:

☒ Gamete Agency      ☐ Gamete Bank      ☐ Fertility Clinic

Licensure is specific to the entity's scope of activities within the categories listed above, and conducting activities in unlicensed categories is prohibited. The licensing authority is CDPHE. Licensure of a Gamete Agency, Gamete Bank, or Fertility Clinic is at the sole discretion of CDPHE and may be granted, limited, or revoked by CDPHE. The provisional license is valid for 90 days, and the Program may issue a second provisional license if needed. This provisional license grants the above named entity the same abilities as a non-provisional license. It is not necessary to reapply or take any further actions. The Program will notify you when your application has been processed and next steps are scheduled.

Sincerely,

**Jessica Mechtenberg**

**Gamete Bank and Fertility Clinic Program Manager**

Division of Disease Control and Public Health Response

Colorado Department of Public Health and Environment
